MacGuys is not just another repair shop; it's a trusted name for Apple device servicing in Oakville and the surrounding areas. With years of experience and a team of expert technicians, we have earned a reputation for delivering high-quality repairs with exceptional customer service.

Expert Technicians and Premium Service

At MacGuys, we pride ourselves on having certified and experienced technicians who specialize in Apple devices. Our technicians are well-versed in diagnosing and repairing issues with all iPhone models. Whether it's a cracked screen, battery issue, water damage, or software problem, we have the expertise to fix it swiftly and efficiently.

Quick Turnaround Times

We understand the inconvenience of being without your iPhone, which is why we focus on providing fast repairs. In many cases, we can have your device repaired and ready for pickup

the same day. Our goal is to minimize downtime and get your device back in your hands as quickly as possible.

Affordable and Transparent Pricing

At MacGuys, we believe in offering fair and transparent pricing for all repairs. When you bring in your device for repair, you'll receive an upfront estimate of the cost. There are no hidden fees, and we aim to keep our pricing affordable without compromising on the quality of service.

Top-Quality Parts

When it comes to repairing your iPhone, using high-quality replacement parts is crucial to ensure the longevity of your device. At MacGuys, we use only the best parts, sourced directly from reliable suppliers. This ensures that your is not only effective but also long-lasting.

Services Offered at MacGuys

1. iPhone Screen Repair/Replacement

A cracked or broken screen is one of the most common issues iPhone users face. At MacGuys, we specialize in iPhone screen repair, offering quick and affordable solutions for all models. Whether it's a minor crack or a completely shattered screen, we've got you covered.

2. Battery Replacement

If your iPhone is not holding a charge or is draining too quickly, it might be time for a battery replacement. We provide fast and reliable battery replacements to restore your iPhone to optimal performance.

3. Water Damage Repair

Accidents happen, and sometimes, water damage can cause serious problems for your device. Our technicians have the skills and tools to repair water-damaged iPhones and restore them to their original functionality.

4. Charging Port Repair

A malfunctioning charging port can prevent your iPhone from charging properly. Whether it's due to wear and tear or physical damage, our team can repair or replace the charging port to ensure your device stays powered up.

5. Software and Operating System Reinstallation

Sometimes, your iPhone may experience software issues that prevent it from functioning properly. If your device is freezing, crashing, or running slow, we can reinstall the operating system to resolve these issues.

6. Additional Services

In addition to iPhone repairs, we also offer services for other Apple products such as MacBooks, iPads, and iMacs. Whether it's screen replacement, battery repair, or data recovery, MacGuys is your trusted service center for all things Apple.
